SUBJECT: Autumn 2026 attendance relaxation applications

To: Deans, Heads of Department, course coordinators and undergraduate students

The following procedure shall apply to requests for attendance relaxation for the Autumn 2026 end-semester examinations.

1. The normal examination eligibility requirement remains 75 percent attendance in each registered course.
2. A student whose recorded attendance is from 65 percent to 74 percent in a course may submit Form ATT-07 for consideration. Submission does not create an entitlement to relaxation.
3. Attendance below 65 percent is ordinarily not eligible for relaxation under this circular.
4. For the Autumn 2026 examination cycle, a complete application must reach the department by 5:00 p.m. on 16 November 2026. This is seven working days before the first end-semester examination on 26 November 2026.
5. Each application must contain the following:
 - Completed and signed Form ATT-07 for each affected course.
 - Course-wise attendance statement downloaded from the student portal.
 - Medical certificate or other official evidence supporting the period of absence.
 - Brief student explanation and the department's verification note.

6. Departments shall verify the course-wise percentage against the attendance record published on 13 November 2026. A calculation or record error must be corrected before the application is forwarded.
7. A medical certificate supports the stated reason for absence but does not add attended classes or change the recorded attendance percentage.
8. The Attendance Review Committee will consider the evidence, the duration and reason for absence, academic participation and the department's recommendation. Decisions are expected to be recorded by 20 November 2026.
9. Approval changes examination eligibility for the identified course only. The attendance percentage remains unchanged and the approval does not apply to another course or semester.
10. Students must check the portal decision. A request to correct a factual record error must be submitted within two working days of publication of the decision.
11. Late or incomplete applications are not considered unless the delay resulted from a verified Institute portal failure or an officially amended deadline.
12. All other provisions of the Undergraduate Attendance Policy 2026 and Attendance Relaxation Guidelines 2026 remain unchanged.

Issued with the approval of the Dean, Academic Affairs.

Dean, Academic Affairs
